

bluebiz

Clearly better for business travel

We're delighted to be a member of bluebiz, alongside our partners Air France-KLM and Delta Air Lines. The bluebiz corporate loyalty programme is easy to join and makes it easier than ever to earn and spend rewards.

Earning rewards

Every flight* you take with Virgin Atlantic, Air France-KLM, or Delta Air Lines will earn your company blue credits. One blue credit is worth £1, making it simple to spend on rewards and save on travel budget.

Spending rewards

Exchange blue credits for flights with Virgin Atlantic, Air France-KLM, or Delta Air Lines. Your credits cover taxes and surcharges, and there are no limitations on booking classes – just book what's available on the day.

Online management

It's easy to keep track of your company's flight activity and balance via your online account, plus the bluebiz service centre is on hand for all your questions.
